Hello Sarah

The City has been approached by the people along this stretch of the lake asking to be annexed into the City. I am waiting to see what the outcome of that is. I will let you know as soon as I can.

Thanks
Jeff

Hi Jeff,

Thank you for the information. Also, I had in error in typing from my previous email and was wondering if any homes in KaK's were on city water with you not rural water? Sorry about that.

Hello Sarah

I cannot give Sioux Rural Water individual account information. Connections and fees paid by our customers is confidential. I am not aware of any homes in KAK that are hooked to rural water. If you can give me the addresses on these homes I can verify if they have a water connection with us or not.

On the earlier request for Alice Madline Lot 15 & Lot 16 in Kittleson's 1st Sub-division we do not intend on hooking this lot to our water system. If the annexation happens it will take a considerable amount of time to get this completed and they should not have to wait for water. How this area will be served with water will have to be worked out during the annexation process.

Thanks
Jeff

Good Morning Jeff,

Could you tell me when the Fed Ex building was put on city water and also the McFleeg Feed building also near the Fed Ex? There are also 14 houses in the KaK's addition we are wondering when they got onto rural water also?

Thanks for your help Jeff,
